

Installation manual
BARI DL LED

220-240V/50-60Hz

1. Dimensions

Power [W]	Diameter F [mm]	Height H [mm]	Installation hole diameter D [mm]	Diffuser diameter G [mm]	Weight [kg]	Protection rating IP	Version
15, 21, 29	155	105	136	113	1,0	IP44/20	fixed
	195	110	175	150	1,2	IP44/20	fixed
	230	110	212	185	1,8	IP44/20	fixed
	135	110	118	79	1,0	IP20	adjustable
	160	120	144	95	1,2	IP20	adjustable
	245	130	212	180	2,0	IP65/20	fixed

2. Installation

- Turn off the power in the circuit;
- Carefully take the luminaire out of the package and put it on a stable Surface;
- Cut the installation hole accordingly with the table above;
- Connect the power supply to the luminaire/driver accordingly to the markings on a terminal/driver;
- Put the luminaire into the previously cut hole in the ceiling

3. Important warnings

The luminaires may be installed by qualified registered personnel only. Any manipulation inside the luminaires when the power is activated causes the risk of electrical shock. The manufacturer is not responsible for any flaws resulting from non-compliance with these instructions. The manufacturer reserves the right to change the construction of the luminaire. Do not install the luminaire in places without sufficient air circulation. To guarantee safe luminaire functioning, please follow the installation instructions.

The European Directive 2002/96/EC on waste electrical and electronic equipment, requires that electric and electronic devices must not be disposed of in the normal household waste. The crossed out wheeled bin is reproduced in order to remind obligations towards separate collection. For correct disposal, please use authorized waste disposal facilities or return to the distributor at the date a new lighting fitting is purchased. Lamps, if disposed together with the lighting fitting, shall not be broken up since they contain substances which are highly polluting to the environment. Unauthorized disposal of the foregoing waste material is punishable by law.
